

RoHS 2 DIRECTIVE 2011/65/EU - RoHS 3 DIRECTIVE 2015/863/EU MATERIAL DECLARATION CERTIFICATE

According to the provisions of the European RoHS-Directive 2011/65/UE (Restriction of Hazardous Substances) on the restriction of the use of certain hazardous substances, the content of such dangerous substances electrical and electronic equipment must not exceed the limits determined in the a.m. Directive. We confirm that all our cables do not contain the ten restricted use substances.

This Declaration is based on our analysis, vendor supplied analysis or material certifications, and/or lab test results of the component raw materials used in the manufacture of our cables.

As from the effective date of Jan. 3, 2013, we hereby declare that the application of the CE marking of the products listed in the attachments confirm Compliance under Article 16 of Directive 2011/65/EU. On 4 June 2015, the EU commission has published a new directive, [EU RoHS 3 \(Directive 2015/863/EU\)](#), to amend Annex II to [EU RoHS 2 \(Directive 2011/65/EU\)](#) to add the other 4 phthalates nor the other six restricted substances.

No exemption is needed because our cables do not contain any of these restricted substances. It is our intention to meet the requirements set by REACH and RoHS directives, and we shall continue to inform you, in the framework of our business relations, of any changes to the above.

Volpiano, June 14, 2023

Tecnikabel S.p.A.

Diego Clerici

The above Declaration is fully **applicable to all the materials used in cables supplied to your factory.**

This declaration is issued under the sole responsibility of the manufacturer.

Kind Regards.
